Celebrate!

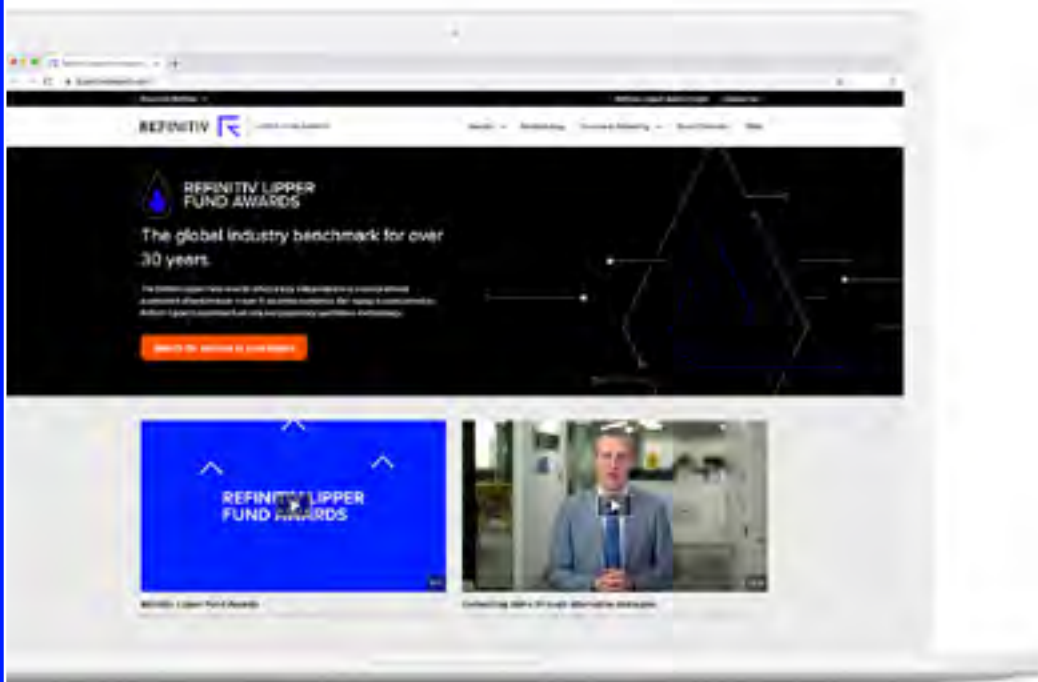

Refinitiv Lipper Fund Award winners are celebrated across three continents. Winners are generally awarded in the first half of the year, except the Canadian and Saudi Arabian Award which take place in November.

Refinitiv Lipper is constantly reviewing the most effective way of presenting our awards to our winners and the market. In light of recent global events around Covid-19 and the shift towards operating within a more digitised environment, we have taken the decision to keep the awards to this format for 2022.

We will still promote and celebrate winners' out-performance virtually and share awards coverage. Access expert and winner commentary and online events, which showcase these market leaders, discuss industry trends and provide insights in the context of global and regional fund market environments.
